

Re: Support for Candidacy of EAAE Council

21.05.2024

To whom it may concern:

As Dean of the Faculty of Engineering and Built Environment, I support Patrick Flynn as a candidate for EAAE Council elections 2024.

Patrick is a well-suited and eminently competent candidate for the council of EAAE. Patrick's focus on the quality of architectural education, both at TU Dublin and across Ireland and internationally, has been demonstrated through a number of successful educational improvement projects undertaken while employed at our University and has secured funding from the National Teaching and Learning Forum. Patrick is also very active within the Royal Institute of Architects of Ireland and makes valuable contributions to the quality of education across the breadth of provision of the Faculty of Engineering and Built Environment in his roles as Faculty Head of Teaching & Learning, Chair of the Academic Quality Enhancement Committee and numerous other working groups.

TU Dublin will be in a position to support the cost of attendance at council meetings.

If you have any further queries please do not hesitate to contact me.

Yours faithfully

Prof. James Curtin

Dean of the Faculty of Engineering and Built Environment

Technological University Dublin
