

Candidacy for the EAAE Council 2024

Jörg Schröder

Leibniz University Hannover
Faculty of Architecture and Landscape

Personal statement regarding the Council duties

I will be glad to engage considerably in the Council activities and I confirm the resources to attend Council meetings (online and in presence) as well as conferences, workshops, and events linked to the activities in the Council. I am aware of the duties of the Council according to Art. 27 of the EAAE statutes. I can rely on my experience as part of the board of Deans of our Faculty (since 2017) to fulfill the administrative duties of the Council and the responsibility to execute EAAE's general policy and the regulations and methods of implementing it, guided by the EAAE president and vice-president. I am looking forward to contribute to organise EAAE's activities, in particular conferences and seminars, but also communication, networking and policy advise. With the expressed support of my colleagues in the Faculty, I would be glad to host one of the upcoming events (conference or Deans' summit) at our School in Hannover. Based on my experience in applying and coordinating large cooperation projects, I will support to raise funding and supervise their use and support to prepare the annual report and the accounts for the General Assembly. I am very fond of the spirit of cooperation and engagement I encounter in the EAAE and would like to contribute in an active role in the Council to realise EAAE's values and vision in the next years.

A handwritten signature in black ink, appearing to read 'J Schröder'.
