## Support Declaration

The director of the Ecole Nationale supérieure d'architecture de Versailles supports the candidacy of Prof. Nicolas Pham for the position of President of the EAAE.

As Chairman of the school's International Committee, he is one of the teachers most involved in our school's international projects and partnership development and plays a very active role in defining our school's international strategy. He therefore has all the qualities needed to become President of the EAAE.

Should he become President of the EAAE, our school undertakes to make the necessary resources available to enable him to carry out his duties.

Versailles, 01/07/2024

The director of ENSA Versailles  
Jean-Christophe Quinton
